A GOOD MOVE.—The town authorities are engaged in putting down substantial stone walks at the principal crossings. The wooden ones, such as those lately in use, answer very well while they remain in good condition, but they soon get out of order, and not so conveniently repaired become a nuisance rather than a benefit. Though somewhat expensive to the lot owners, no improvement of the last ten years has been more creditable to the town than the stoning of Sandusky. William and Winter had the substantial repairing of several other streets. Stoned streets, and good pavements and crossings, are indispensable in all well ordered and prosperous towns—and these Delaware now possess to an extent of a quality not surpassed by any town of equal size and population in the State.

FRUIT CULTURE: or, a Guide to the Cultivation and Management of Fruit Trees, with Descriptions of Fruits, and a Variety of Useful Miscellaneous Household Receipts; by THOMAS GREGG. New York: Fowler and Wells, publishers.

Pais by mail, paper, 30 cents; cloth, 50 cents.

Fruit culture has just begun to receive the attention it deserves, and we gladly welcome this work, as the matter it contains well calculated to aid and instruct, and consequently benefit the fruit-grower. Every person who has a tree, or ground enough to grow one on, should read it. To be successful in fruit culture, as in anything else, you must know how to do it; and this book gives much information the novice can not well do without. The price is so small that any one can afford it. There is no doubt but in all sections some fruits can be profitably if judiciously cultivated.

BURGLARY IN HARLEM.—We learn from a letter received from a friend in that town, that the store of Messrs. Huddon & Co. in the village of Harlem, was burglariously entered on the night of the 30th ult. The back door was forced open by means of a crowbar, and the money drawer broken open. Fortunately the proprietors had themselves "removed the deposits" before leaving the store in the evening, and consequently the burglar got nothing to reward him for his labor.

A communication appeared in the last number of the Standard on the subject of the county finances, in which the Commissioners are charged with sundry sins of "falsification and commission." We have received a communication, in reply from two of the Board (Messrs. PAUL and COLE, Mr. AUSTIN being absent from the State,) which we regret our inability to insert to-day. It will be given in our next.

LAND APPRAISERS.—The voters of the several townships should bear in mind that by virtue of an act passed last winter each township is constituted a separate district for which an appraiser of Real Estate is to be chosen at the coming October election. It is of great importance, and men of good judgment should be selected as candidates.

We invite attention to the advertisement of DR. KIRK, published in our paper to-day.

The matter of which it treats is very important, and our New York correspondent informs us that he has known the advertiser for several years, and that he is in every way worthy of confidence.

Some fifty of our Friends left yesterday morning for Cleveland for the purpose of participating in the Fifteenth's parade there yesterday. They took one of their Engines with them.

See Deby & Jackson's advertisement in another column, head "A Casket of Gems of Wit and Wisdom."

DELAWARE COUNTY FAIR.

Mr. EDITOR.—Will you please call the attention of farmers and others interested to the fact, that the Delaware Co. Fair comes off on the 22d & 23d days of September, and not the 29th & 30th of September and 1st of October as printed in the Ohio Farmer?

Also; that the society will furnish hay and straw for all the stock at the expense of the society.

Bear grain will be furnished by the society at cost to reward it.

Also; that the driving ring will be open for Lady equestrianism on the 24th Sept., or 3d day of the fair after 12 m.

R. E. HILLIS, Sec. pro tem.

Delaware, Sept. 10, '58.

Abram Cox and Peter Williams were hung in Auburn, Me., on the 26th ult., for murder on the high seas. Williams confessed that he killed four of the crew himself.

Mr. THOMAS.—Please to announce the name of JOHN A. CELLES, of Genoa township, as an independent candidate for Sheriff.

MANY VOTERS.

DR. MANN, the renowned discoverer of that invaluable remedy, Dr. Mann's Ague Balsam, will be present at the meeting of the American Medical Association, to be held in Boston, on the 2d of October, and will be available for consultation.

His medicines are universally acknowledged to be far superior to any and all others ever discovered for the cure of ague, and the whole world is unanimous in their opinion that they are the best.
